

Women's Ministry and LBC Update

Bedford Street Church of Christ
For Sunday, February 27, 2022

THIS SUNDAY IN THE LBC - Join us at 5:00pm as the LBC studies from the Collection of Proverbs from the theme, “**ARE YOU BEING WISE OR ARE YOU BEING FOOLISH?**” In class you received a written overview for this study, along with a handout. Bring these with you. Please review your notes from the last class and remember to do some background study on the book of Proverbs. We started the background so this should be a review. Take notes as you do your personal preparation and bring them to class. After this Sunday, our commitment is to begin a lite read through the book.

The question to be answered this Sunday is, “*how is wisdom personified in this book and why?*” Before we do a deep dive into the proverbs themselves, which may start with the next class, it is important to understand how this book/collection is laid out-- how it is outlined or structured so look at a few different outlines of the book of Proverbs. Bring a few copies to class for discussion and distribution. Different authors outline it differently and that is fine.

Remember to do this: Bring a notebook/folder to keep up with the weekly handouts. Come prepared to grow.

This background will prepare us to launch into what I hope will be an enjoyable, enlightening and life-changing study. ~Lynne

SPIRITUAL VISION BOARDS – Eighteen sisters participated in our Personal Spiritual Vision Board Event on February 11th. It was inspiring to see the dreams and goals take shape on the Vision Boards that Friday evening. Thank you, Rosie McKenzie, for facilitating the evening event and thanks to all who brought refreshments and those who cleaned up afterwards. May all your spiritual visions come true.
